

Opportunity for Investment

We take this means to place before you the opportunity to invest in the stock of The Mary Florence Mining, Milling & Leasing Company, of Denver, Colorado.

We will endeavor to answer the question you would naturally ask, were we to have a face-to-face talk with you, as to capitalization, properties and the policy of this company.

The Mary Florence Mining, Milling & Leasing Company is a Colorado corporation, capitalized for Fifty Thousand Dollars, the stock being non-assessable.

Our property is in Grand County, Colorado, and consists of nine mining claims, on which we have a forty-year lease. The property was selected after thorough investigation and examination by our superintendent, Mr. C. B. Wiler, who has had over thirty years' experience, having developed some of the largest mines in the Rocky Mountains. His report is also confirmed by the report of the United States Geological Survey of this District.

There is only one salaried officer, no promotion stock to be held out by anyone. We are giving every investor a run for his money without its being absorbed in promotion expenses, officers' salaries and overhead expenses.

Our property is ideally located and we see no reason why every one of the three veins now opened up, will not be heavy producers. We have a large power plant and up-to-the-minute air drilling machinery.

We are offering a limited amount of stock at sixty cents per share to get money to enable us to put on a larger working force and to buy a crusher and milling machinery.

We feel absolutely sure in making this statement, that with such a valuable property and supervised by a man of such wide experience, you never before had an opportunity to invest in a safe stock at this price.

This company will stand the closest investigation, from any source. No man has ever yet visited this property with a view of investing that did not buy on the spot. If you do investigate, you will invest.

Act at once, if the allotment is already sold, your money will be returned.

OFFICERS AND DIRECTORS

G. D. CROWLEY, President.

LOCAL MATTERS OF GENERAL INTEREST

Randolph Davis, vice president of the Metropolitan Paving Co., and Charles A. Frazier, former treasurer of the Bartlett Trust Co., have just returned from a seven months' overseas service with the Red Cross.

The police department has made up its budget for the coming year, and will ask for \$179,450 for the current year.

Extracted honey. Marshall-Dunn. (Adv.)

Corporal Jack Geller, who has had a year's overseas service, returned home this week. He was twice wounded.

Thomas F. Tymon, aged 32, a clothing salesman, died Thursday.

William Gorton, engineer at the city light plant, resigned Thursday and was succeeded by Alex Gaston.

Extracted honey—Marshall & Dunn. (Adv.)

The spring consistory held at the Scottish Rite cathedral closed Thursday night. Over \$99 were in attendance.

Every voter in St. Joseph who has the interests of the children at heart should go to the polls today and vote for the school levy. It does not raise taxes, being simply keeping the tax rate up to what it is at the present. If it is not kept up it means but four months of school—which is the same as none at all.

Rock Undertaking Co. Lady attendant, 216 Frederick avenue.—Adv.

The Pershing Chapter of War Mothers are constructing an immense service flag which will contain a gold star for each soldier who fell and his name will also be placed on the emblem.

At a meeting of the Co-Operative club Thursday the primary steps to again bring natural gas to this city were taken.

M. J. Downey for best Plumbing and Gas Fitting. 1992 Frederick Ave. Phone 115.—Adv.

E. G. Wheeler was arrested Thursday, charged with defrauding H. C. Hughes of Kansas City out of \$35 through the medium of a bogus check.

Frank Arnold of Minneapolis and John Balvick of Kansas City were arrested here Thursday, charged with attempted burglary.

J. C. Whitsell, M. D., eye, ear, nose and throat. Whitsell & Simmons Bldg.—(Adv.)

Dispatches received yesterday state that the 119 supply train, a unit of the 38th division, which is made up entirely of St. Joseph men, had sailed from France this week, homeward bound.

Mayor Whitsell yesterday appointed W. K. Seitz city engineer to succeed H. D. Jordan, resigned.

Jamieson Machine Co., engineers and machinists' supplies. Shafting, hangers, pulleys. 215 No. 2nd.—Adv.

James T. Roseberry filed suit for

This Is the Day to Vote for the Schools

WHY?

No increase in the tax rate is asked, only permission to hold the same rate as for the past two years, \$1.00 for operating purposes upon the \$100 valuation.

Why Is It Called An "Increase"?

The law requires that any rate of school tax above 40 cents shall be voted upon every two years, and described as "increase." This has been done every two years for the last twenty years.

What If the Election Is Not Carried?

Four months' school next year. Or none, as schools could not be organized for only four months.

Why Should You Trouble to Vote for What Everybody Wants?

The stay-at-home voter has defeated many a good cause. Don't depend upon someone else to look after the interests of your children.

SEE WHERE TO VOTE

and take a few minutes, TODAY, to vote for the interests of the children.
